California State Update: "Every Californian 16 and up will be eligible for vaccination on April 15, 2021." Some variation exists in the local community, including opportunities for earlier vaccination. Yuba is currently advertising 18+ vaccine clinics. Additional county/agency specific information on vaccine sites can be found at the websites below. Some locations are also vaccinating spouses of those who present for vaccination.

VA:

Enrollees can be vaccinated through any VA site regardless of age or medical condition.
