

9th Medical Group

CHANGE IS COMING

Your Medical Clinic is making changes in January 2019 in order to align with direction and guidance from the Defense Health Agency (DHA) and the Air Force Medical Service (AFMS).

Ultimately, these changes will result in better care for all our beneficiaries.
We are splitting our primary care providers into 2 teams.

One team will be our Active Duty clinic which will provide more focused, expeditious care to our Airmen in order to maintain a more combat ready Air Force.

The other team, our Family Health clinic, will be solely dedicated to providing the best care possible to family members and retirees while also providing better access. No changes will occur in the Pediatric Clinic.

If you have comments or concerns, please contact the Patient Administration Office at (530) 634-4001. We thank you for your patience and understanding during this transition.
